

# having Fun In Teaching: Get F.I.T.

“The tendency of some teachers is to focus too much on what gets taught rather than what gets learned”.

— Carol Ann Fried

**Carol Ann Fried  
is not like  
those teachers.**

2-D  
I talk,  
you listen

Practice  
3-dimensional  
teaching

3-D  
Learner-  
centered

At this  
Workshop  
You Will...

- ☞ Learn how to read and vary energy levels at any given time.
- ☞ Experiment with and invent a variety of icebreakers, energizers and warm-up activities that run from low-risk to high-risk, and that are both cognitive and experiential.
- ☞ Learn how to design content material for left-brain and right-brain learning activities.

You  
Will  
Leave  
With...

- ☺ Improved skills.
- ☺ New perspectives.
- ☺ Lots of innovative ideas to create and direct the activities necessary for a successful seminar, presentation, workshop or lesson plan.
- ☺ 87 3-dimensional teaching structures and technologies that maximize enthusiasm, involvement and motivation.
