

Six Thinking Hats

Stuck in the Same
Old Thought
Patterns?

This workshop focuses on developing new thinking skills to be able to deal more effectively with the challenges of our daily lives.

Based on Edward de Bono's internationally renowned book, 6 Thinking Hats, this workshop allows people to develop new thinking skills by actually using different thought processes to look at difficult situations.

"The main difficulty of thinking is confusion. We try to do too much at once. Emotions, information, logic, hope and creativity all crowd in on us. It is like juggling with too many balls."

—Edward de Bono

By breaking down thinking into 6 component styles people can avoid confusions

White Hat: Neutral and Objective

Red Hat: Emotions and Feelings

Black Hat: Negative Thinking

Yellow Hat: Positive Thinking

Green Hat: Creative Thinking

Blue Hat: Control and Organization

Different thought process

=

Generate better solutions to problems

=

Increased self-esteem and empowerment of employees
